## 1. General

- 1.1. This policy applies to all **broadband** users and by accepting our terms and conditions you agree to be bound (and that any users of your **broadband** service shall be bound) by this policy.

- 1.4. If you have any queries about this policy please contact customer services.

## 2. Fair Use

- 2.1. Usage of the Service beyond levels which we regard to be reasonable for a residential **broadband** product will slow down our service and affect the network for all our customers.
- 2.2. As a result, we monitor usage of the service and may identify overuse.
- 2.3. An example of such overuse may be the use of file sharing software (often known as peer-to-peer or P2P), the continual downloading of large files like music or videos and/or excessive email use.
- 2.4. If your heavy use of the service is only occasional or at off peak times it is unlikely that we will identify overuse.
- 2.5. In the event that we identify overuse we will notify you (by email or phone) and request that you modify your behaviour.
- 2.6. If this overuse is continued, we may suspend or terminate your Service.
